

TCM Forklift Parts

TCM Forklift Parts - In the global business of material handling, lift trucks play a major part for transporting industrial goods. First innovated as industrial vehicles during the 1930s in America, lift trucks gained recognition after World War II during the 1940s. Becoming an efficient and reliable means to material handling solutions, the practicality and need of these machines spread globally.

First started as Toyo Carrier Manufacturing Company Limited, in the year 1949, the business was later renamed Toyo Umpanki Co. before becoming recognized as the TCM Corporation. Established by Mr. N. Niwa manufactured Japan's very first lift truck. Over the years, TCM forklifts have become a global leader in forklift manufacturing and have built a solid reputation with the business. TCM began building forklift manufacturing sites outside of Japan during the 1980s and is now engaged in lift truck manufacturer at three foreign factories in Europe, China and the United States.

With more than 50 years of accumulated expertise and technology, TCM has been proudly making many models of industrial forklifts, making their models recognizable all around the globe. With an energetic and strong workers, TCM has been able to continually work towards becoming a future leading material handling business.
