

Electrical Parts for Forklifts

Forklift Electrical Parts - Forklifts can be purposely marked for use in hazardous places. A labeled forklift indicates the design has met the least requirements of ANSI/UL 558 utilized for engine powered trucks or ANSI/UL 583 intended for electric lift trucks for the type of label attached.

The application for labels meant for lift forklifts could be found in National Fire Protection Association NFPA 505 - Powered Industrial trucks including: Type Designations, Areas of Use, and Maintenance and Operation. Check with your local insurance provider and Fire Marshall for more info about the approved uses of industrial powered forklifts in your application.

If the forklift has been proven to meet the outlined standards, the following labels could be placed. A marked truck would have the model designation placed on the forklift nameplate and will have one of the following labels placed.
